ANNUAL REPORT

OF THE

TOWN OFFICERS

OF THE

TOWN of HADLEY

FOR THE

YEAR ENDING DECEMBER 31, 1978

PRINTED BY THE
EASTHAMPTON NEWS COMPANY
EASTHAMPTON, MASSACHUSETTS

AMELIA PEKALA

The Annual Report is dedicated to Mrs. Amelia Pekala who has served the Town of Hadley for twenty-seven years.

We are grateful to Amelia for her many years of devoted service to the citizens of Hadley. Amelia's record of service began in 1952 when she started working for the Town of Hadley under Mr. Pelissier and was elected a Library Trustee. In 1957 she served as Assistant Town Clerk and Treasurer. Amelia became the Temporary Town Clerk and Treasurer and in 1959 was elected Town Clerk and Treasurer which position she has held up to date. In addition she has served the Town on the Board of Registrars since 1962.

The Board of Selectmen and other Town Officials and the citizens of Hadley wish Amelia a good retirement in the years ahead.

HADLEY TOWN WARRANT

Hampshire ss.

To the Constables of the Town of Hadley, in the County of Hampshire.

GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs to meet in the Old Hopkins Gymnasium at 10:30 in the forenoon on the nineteenth day of March, 1979 then and there to take action under Article 1, polls to be kept open 10:30 to 8:00 P.M. and to meet on Thursday, the twenty-second day of March, 1979 at 7:00 P.M. in the Hopkins Academy Cafetorium to act on all other articles:

Article 1. To elect all necessary officers of the Town.

Moderator	One Year
Town Collector	Three Years
One Selectman	Three Years
One Assessor	Three Years
Board of Health Member	Three Years
Planning Board Member	Five Years
Two School Committee Members	Three Years
Elector Under the Oliver Smith Will	One Year
Two Library Trustees	Three Years
Six Constables	One Year
Sewer Board Commissioner	Three Years
Board of Park Commissioner	Three Years

Article 2. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1979, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17, or take any action thereon.

(Recommended)

Article 3. To see if the Town will vote to authorize the Selectmen to sell and convey by proper deeds in the name of the Town any land owned by or in control of the Town or to grant an easement to any land owned or in control by the Town or act anything thereon.

(Recommended)

Article 4. To see if the Town will vote to raise and appropriate a sum of money to reimburse the Commonwealth of Massachusetts for the Town's share as required by and computed under the provisions of Chapter 32, #59A of the General Laws of a pension or retirement allow-

ance paid to a widow of a veteran by the Commonwealth of Massachusetts for the fiscal year commencing on July 1, 1979, or take any action thereon.

(Recommended)

Article 5. To see if the Town will vote to raise and appropriate a sum of money to be used for maintenance and/or construction of Town ways, these funds to be expended in anticipation of reimbursement from the State under the provisions of Chapter 497 of the Acts of 1971 or take any action thereto.

(Recommended)

Article 6. To see if the Town will vote to raise and appropriate and to accept and expend the sums of \$32,427.00, the State's share; \$7,000, the Town's share, and such other sums that may be made available from the Commonwealth of Massachusetts Department of Public Works for fiscal year 1980 Chapter 90 type engineering and construction and to authorize the Board of Selectmen to enter into contracts relative thereto.

(Recommended)

Article 7. To see if the Town will vote to purchase a new front end loader for use by the Highway Department and to determine whether the money for said purpose be provided for by using funds in the town treasury, by taxation, by appropriating a sum from the Road Machinery Earnings Fund, by borrowing under the provisions of Chapter 44 of the General Laws or by a combination of any or all of these methods or take any action thereon.

(Recommended)

Article 8. To see if the Town will vote to raise and appropriate the sum of \$900.00 for the purpose of entering into a feasibility study of converting municipal solid waste into thermal and electrical energy in Hampshire county or take any action thereon.

(Recommended)

Article 9. To see if the Town will vote to raise and appropriate the sum of \$495.40 to pay the following unpaid bills incurred in the prior financial year 1977 - 1978 or take any action thereon:

Special Fuels Tax, Chapter 64E	\$306.34
Sewer Department (incurred with the construction of sewer facilities on Bay Road & Russell Street West)	<u>189.06</u>
TOTAL:	\$495.40

(Recommended)

Article 10. To see if the Town will vote to amend the Zoning By-Law of the Town of Hadley, Massachusetts or to take any action thereon, by adding to it a new section X to read as follows:

FLOOD DISTRICT OVERLAY

SECTION A. ESTABLISHMENT OF DISTRICT AND FLOOD HAZARD AREAS

The Flood District Overlay is herein established as a overlay district

and includes all special flood hazard areas designated as Zone A, A1-30 on the Hadley Flood Insurance Rate Maps, (FIRM), and the Flood Boundary and Floodway Maps, dated June 1, 1978, on file with the Town Clerk, Planning Board and Building Inspector. These maps as well as the accompanying Hadley Flood Insurance Study are incorporated herein by reference.

The boundaries of the Flood District Overlay shall be determined by scaling distances on the Flood Insurance Rate Map. When interpretation is needed as to the exact location of the boundaries of a District, the Building Inspector shall make the necessary interpretation.

SECTION B. DEVELOPMENT REGULATIONS

- 1) Within Zone A, where the base flood elevation is not provided on the Firm, the applicant shall produce any already existing, reasonable, base flood elevation data and it shall be used to meet the requirements of the National Flood Insurance Program.
- 2) In the floodway designated on the Flood Boundary and Floodway Map, the following provisions shall apply:
 - a. Prohibit encroachments, including fill, new construction, substantial improvements, and other development unless certification by a registered professional engineer or architect is provided by the applicant demonstrating that encroachments shall not result in any increase in flood levels during the occurrence of the 100-year flood.

SECTION C. BOARD OF APPEALS

The Board of Appeals may consider a special permit to the regulations set forth in the Flood Plain Overlay District of the Zoning By-Law. A special permit may be granted for the new construction or expansion of a business that due to its nature must be located adjacent to a river. This in no way implies that other pertaining bylaw requirements such as lot acreage, frontage and zoning regions need not be met. Construction under this special permit must comply with all provisions of these Flood District Overlay By-Laws.

Article 11. To see if the Town will vote to rescind the authority of the Treasurer with the approval of the Board of Selectmen to borrow the sum of \$75,000.00 which represents the unissued portions of two loans authorized to be borrowed under the following Town Meeting votes. Said sums not having been necessary to complete the following projects or take any action thereto.

	Authorized	Issued	Outstanding
Assessors' loan to revalue the town			
Art. 5., Sept. 1, 1977 Special Town Meeting	\$50,000.00		\$50,000.00
Hockanum Water			
Art. 1, Sept. 1, 1977 Special Town Meeting	80,000.00	55,000.00	25,000.00
			<u>\$75,000.00</u>

Fred H. Houck
Amherst

Providing funds for mental health

To the Editor,
Daily Hampshire Gazette:

We are writing to support reinstatement in the town budget of \$4,000 allocated to the Amherst Community Resource Center for the provision of mental health services to the Amherst Community.

In our professional capacity we are acutely aware of the great need for low-cost quality counseling services, accessible to residents of Amherst. The Amherst Community Resource Center is the town's only community-based mental health center and provides individual, couple, and family counseling to over one hundred residents annually.

The resource center consistently reaches out to the clergy to inform us of its ongoing services and is responsive to our perceptions of community

needs.

We understand that this \$4,000 appropriation is essential to the maintenance of the Counseling program. Without this money, direct counseling services will be virtually eliminated.

We feel that \$4,000 spent in this way can save money in the long run by preventing some persons from needing more expensive services in the future, e.g. added welfare, police, and medical service. The return on this kind of investment is long range, especially when the clients aided are children and youth.

We urge the Town of Amherst to consider seriously the reinstatement of funds which maintain this vital service.

Article 15. To see if the Town will vote to raise and appropriate or otherwise provide the sum of \$3,750.00 for the purpose of providing mental health and mental retardation services for citizens of the Town, and that the sum of \$3,750.00 be transferred to the Franklin/Hampshire Area Board Trust Fund with approval and under the direction of the school committee, or Board of Health, or under their joint direction, or whomever else may be designated by the Board of Selectmen or take any action thereon.

(Not Recommended)

Article 16. To see if the Town will vote to change the term of office of the Selectmen and to have the term expire March 30, or take any action thereon.

(Recommended)

all should, not just selectmen.

Article 17. To see if the Town will vote to petition the State of Massachusetts Legislature for permission to change the elected offices of Town Clerk, Town Collector and Town Treasurer to appointed positions each position to be appointed by the Board of Selectmen or take any action thereon.

(Recommended)

Article 18. To see if the Town will vote to raise and appropriate a sum of money for the Town's Unemployment Compensation Fund, said funds to be deposited in a continuing interest bearing account and

to meet any and all expenses necessary for the administration and operation of said fund or take any action thereon.

(Recommended)

Article 19. To see if the Town will vote to authorize the Board of Selectmen of the Town to acquire by purchase or by eminent domain the tract of land allegedly belonging to Anthony J. Wanczyk situated in the Town for the purpose of operation of a sanitary landfill facility and to appropriate a sum of money for this purpose and to determine whether or not this sum of money shall be provided by appropriation from available funds in the Town Treasury, by taxation, by borrowing or by a combination of all or both of these methods, or take any action thereon.

Said tract of land to be acquired is more particularly bounded and described as follows:

Northerly by the Connecticut River

Easterly by other land now or formerly of the Town of Hadley used as the Town landfill;

Southerly by the North Branch Road Extension, so-called and

Westerly by land now or formerly of Annie Kostek.

(Not Recommended)

Article 20. To see if the Town will vote to appropriate a sum of money for the purpose of erecting a chain link fence along the westerly and southerly borders of the sanitary landfill, and to determine whether or not this sum shall be appropriated by taxation, by borrowing under the provisions of Chapter 44, by appropriation from available funds in the Town Treasury, or by a combination of any or all of these methods, or take any action thereon.

(Recommended)

Article 21. To see if the Town will vote to appropriate a sum of money for an engineering survey of a site to be acquired for the purposes of the establishment of a sanitary landfill in the Town and whether or not this sum shall be appropriated by taxation, by borrowing under the provisions of Chapter 44, by appropriation from available funds in the Town Treasury, or by a combination of any or all of these methods, or take any action thereon.

(Not Recommended)

Article 22. To see if the Town will vote to appropriate a sum of money for the procurement of an expert appraisal of land in the Town to be acquired as the site for a sanitary landfill dump: and to determine whether or not this sum shall be appropriated by taxation, by borrowing under the provisions of Chapter 44, by appropriation from available funds in the Town Treasury, or by a combination of any or all of these methods, or take any action thereon.

(Not Recommended)

Article 23. To see if the Town will vote to appropriate the sum of seventeen-thousand dollars (\$17,000) for use by the School Committee to purchase a new 65 passenger school bus and to further authorize the

School Committee to trade or sell the 1973 Ford school bus now in use or take any action thereon.

(Recommended)

Article 24. To see if the Town will vote to appropriate the sum of eight thousand (\$8,000) for use by the School Committee to purchase a new 8-passenger van to further authorize the School Committee to trade or sell the 1972 Chevrolet station wagon now in use or take any action thereon.

(Recommended)

Article 25. To see if the Town will vote to appropriate a sum of money for the purchase of the Trustee House located at 127 Russell Street for use by the School Committee for school purposes and to determine whether or not this sum will be appropriated by taxation under the provisions of Chapter 44, by borrowing under the provisions of Chapter 44, by appropriation from available funds in the Town Treasury, or by a combination of any or all of these methods, or take any action relative thereto. Said tract of land is bounded and described as follows:

Northerly to Russell Street;

Westerly by land formerly of T. Dwight Morton;

Southerly and Easterly by land of the inhabitants of Hadley

(Recommended)

Article 26. To see if the Town will vote to appropriate a sum of money for rehabilitation of the municipal wastewater treatment plant including but not limited to constructing an additional aerator, clarifier, improved sludge handling and storage systems, additional laboratory space, standby generator and housing at main pump station and to purchase a 2000 gallon capacity tank truck for transportation of sludge said appropriation and action to be contingent upon the Town's receipt of a grant or grants of Federal and/or State aid in at least the amount of 80% of the authorized total appropriation and to determine whether this sum shall be provided by taxation, by appropriation from available funds, by borrowing with or without the issuance of bonds, or by a combination of any or all of these methods, and to authorize the Board of Sewer Commissioners, acting for and in behalf of the Town, to apply for, contract for, accept; and to expend advances and grants of Federal and State aid which may be available with respect to the project, and that the Board of Sewer Commissioners be authorized to take all actions necessary to carry out the project or take any action thereon.

(Recommended)

Article 27. To see if the Town will vote to appropriate a sum of money for the construction of sanitary sewer pipelines complete with necessary appurtenances, said pipe lines to extend easterly along Bay Road from its intersection with South Middle Street a distance of approximately 2,110 feet to the intersection of South East Street and southerly on Isabel Court from Bay Road a distance of approximately 560 feet contingent on the Town's receipt of a grant or grants of Federal and/or State aid in the amount of 75% of the authorized total appropriation and to determine whether the money shall be provided by

taxation, by appropriation from available funds in the Town treasury; by borrowing; or by a combination of any or all of these methods or take any action thereon.

(By Petition)

Article 28. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for the purpose of hiring legal counsel in matters that cannot be handled by Town Counsel due to a conflict of interest or otherwise, said funds to be used at the discretion of the Board of Selectmen or take any action thereto.

(Recommended)

Article 29. To ask the citizens of Hadley for a discussion on the sale of water to the town of Amherst.

Article 30. To ask residents if they agree to the redevelopment of the Hadley Reservoir to a recreation area.

(Not Recommended)

Article 31. To see if the Town will vote to raise and appropriate a sum of money not to exceed \$3,000.00 in fiscal year 1979-1980, to begin the redevelopment of the Hadley Reservoir or take any action thereto.

(Not Recommended)

Article 32. To see if the Town will vote to authorize the Park Commissioners of the Town of Hadley, Massachusetts established under provisions of Chapter 45, Section 2 of the General Laws to exercise all powers conferred by Chapter 45, Section 14 and to authorize the Park Commissioners of the Town under said Chapter 45, Section 14 to appoint one or more of their members as playground and recreation officers and to fix their compensation at an annual salary for each said officer.

(Recommended)

Article 33. To see if the Town will vote to appropriate and transfer from available funds the sum of \$950.00 as compensation for payment of salaries for three playground and recreation officers for the town for the fiscal year 1980, to be paid July 1, October 1, January 1 and April 1.

(Recommended: Chairman \$350.00; Each Member, \$300.00)

Article 34. To see if the Town will vote to raise and appropriate the sum of \$4,000.00 as additional damages for the taking from John M. Callahan and Margaret E. Callahan of Parcels 1 and 2 as hereinafter described for the municipal water supply system, said sums to be paid hereunder supplementing prior awards made by the Town of Hadley on July 22, 1975, or take any action thereon.

Parcel 1: A tract of land belonging to John M. Callahan and Margaret E. Callahan located on the Southwesterly side of Route #47, a Hampshire County Highway as laid out by the County Commissioners on August 26, 1935, and more particularly bounded and described as follows:

Beginning at an iron pipe to be set in said Southwesterly line of Route #47, at the Northeasterly corner of land of Milton S. Mayer and Jane S. Mayer as described in Book 1622, at Page 117 in the Hamp-

shire County Registry of Deeds, and at the Northwesterly corner of the parcel herein described: thence Southeasterly on a curve to the right of radius 577.18 feet an arc length of 253.15 feet to a concrete highway bound, the chord of this course being S. 44° 22' 14" E. a distance of 251.14 feet; thence S. 31° 58' 45" E. a distance of 214.35 feet to a point in the centerline of Fort River, the last two courses being along said Southwesterly line of Route #47; thence Southerly along said centerline of Fort River a distance of 324 feet, more or less, to a point, said point being S. 21° 25' 34" W. a distance of 259.84 feet from the point at the beginning of this course; thence N. 76° 32' 40" W. a distance of 504.88 feet, along land now or formerly of George M. Kostek and Stanislaw Kostek, to a point; thence N. 16° 57' 29" E. a distance of 175.71 feet to a cluster of three iron pipes at the Southeasterly corner of land of said Mayers, this course being along other land of John M. Callahan and Margaret E. Callahan herein described in Book 1491, at Page 52 in the Hampshire County Registry of Deeds, a portion of which is to be conveyed to the inhabitants of the Town of Hadley herein; thence N. 37° 42' 16" E. along land of said Mayers a distance of 401.51 feet to the point of beginning, and containing 4.45 acres, more or less.

Parcel 2: A tract of land belonging to Margaret E. Callahan and John M. Callahan, located Southerly and Westerly of Route #47, a Hampshire County Highway as laid out and bounded by the County Commissioners on August 26, 1935, and more particularly bounded and described as follows:

Beginning at an iron pipe at the Southwesterly corner of land of Milton S. Mayer and Jane S. Mayer as described in Book 1622, at Page 117, in the Hampshire County Registry of Deeds thence S. 65° 34' 47" E. along land of said Mayers a distance of 218.39 feet to a cluster of three iron pipes; thence S. 16° 57' 29" W. along land now or formerly of Margaret E. Callahan and John M. Callahan as described in Book 1343, at Page 139 in the Hampshire County Registry of Deeds, and along land now or formerly of George M. Kostek and Stanislaw F. Kostek as described in Book 928, at Page 450 as Tract #7, in the Hampshire County Registry of Deeds, a distance of 457.23 feet to a fence corner; thence S. 81° 21' 55" E. along land of said Kosteks a distance of 588.10 feet to a point in the centerline of Fort River; thence Southwesterly along said centerline a distance of 280 feet more or less, to a point, said point being S. 60° 13' 11" W. a distance of 242.68 feet from the previously described corner; thence N. 81° 21' 55" W. a distance of 400.00 feet to an iron pipe to be set; thence N. 03° 27' 16" W. a distance of 677.64 feet to the point of beginning, the last two courses being along other land of Margaret E. Callahan and John M. Callahan herein, and containing 3.32 acres, more or less.

Article 35. To see if the Town will vote to appropriate a sum of money to have a drainage system installed on Moody Bridge Road or take any action thereon.

(By Petition) (Not Recommended)

Article 36. To see if the Town will vote to amend the Zoning By-Law of the Town of Hadley, Massachusetts by adding to it a new section VIII to read as follows:

Section VIII - Site Plan Approval (Special Permit - Planning Board)

A. Site Plan Approval:

per Planning Board power
In accordance with the provisions of this section, Site Plan Approval shall be required prior to the issuance of a building permit in each of the following situations:

- 1) A permit shall be required to construct a building of 3,000 square feet or more in any district.
- 2) A change of use is proposed for any building of more than 3,000 square feet in any district.
- 3) An addition of 1,000 square feet to an existing building of more than 3,000 square feet is proposed.

B. Exemption From Site Plan Approval:

Site Plan Approval shall not be required for the construction or enlargement of any building used exclusively for agriculture, horticulture or floriculture or for a single family dwelling or existing multi-family dwellings.

C. Submittal of Site Plan:

69 reported
Three copies of a site plan prepared on Standard 24" x 36" sheets in accordance with the regulations and specifications as hereinafter set forth shall be filed with the Town Clerk who shall transmit two copies to the Planning Board. A public hearing shall be held by the Planning Board within 65 days after filing of said plan and a decision shall be rendered within 90 days of said public hearing. The applicant shall bear the cost of publishing and mailing the notices.

D. Details To Be Shown:

The site plan shall include the following data, detail and supporting plans:

- 1) The names of owners of all abutting parcels of land;
- 2) Existing topographical features and proposed changes thereof;
- 3) Location of any wetlands, streams, drainage areas, swales and areas subject to flooding or ponding;
- 4) Proposed building locations, distances of exterior walls from each nearest property line, vehicular circulation within the site and access to and from adjacent streets, parking spaces, loading spaces and pedestrian walks;
- 5) Proposed landscape design, site grading, plant materials, species, green areas, fences, walls and screening;
- 6) A utility plan showing source of water supply, water systems and lines, drainage and stormwater disposal, sewerage disposal system and refuse disposal.

The site plan shall be accompanied by a written text describing the project.

E. Standards for Review:

The Planning Board shall review the site plan and supporting data taking into consideration the reasonable fulfillment of the following objectives:

- 1) Conformance with the provisions of the Zoning By-Law.
- 2) Harmonious relationship between the proposed use and construction and existing land uses to minimize any unreasonable adverse impact.
- 3) Adequacy of provisions for vehicular movement to and from abutting street or streets.
- 4) Adequacy of parking and vehicular circulation within the site.
- 5) Adequacy of provisions for pedestrian safety on the site.
- 6) Adequacy of water, sewer and drainage facilities and systems.
- 7) Adequacy of provisions for refuse disposal.
- 8) Adequacy of landscaping to achieve reasonable compatibility with natural surroundings and protection of the character and integrity of the District and adjoining zones.

F. Engineering Review:

The Planning Board may employ a licensed engineer to act in an advisory capacity with respect to Items 3 through 8 above. The applicant shall reimburse the Planning Board for any reasonable fees and expenses incurred hereunder.

G. Approval, Denial or Conditional Approval:

The final action of the Planning Board shall consist of either 1) a finding and determination that the proposed project will constitute a suitable development and will not result in detriment to the neighborhood or environment, or 2) a written denial of the application stating the reasons for such denial. Approval may be made subject to conditions, modifications and restrictions as the Planning Board may deem necessary; and any construction, reconstruction, alteration or addition shall be carried on only in conformity to such conditions, modifications or restrictions and in conformity with the site plan.

H. Bond Requirements:

The Planning Board may require sufficient security in the form of a performance bond to insure compliance with the conditions.

Article 37. To see if the Town will vote to amend the Zoning By-Law of the Town of Hadley, Massachusetts, by repealing Section VIII entitled "Site Plan Review" in its entirety.

*no action ✓
85-26*

Article 38. To see if the Town will vote to amend the Zoning By-Law of the Town of Hadley, Massachusetts, by removing the word "political" from Section VII 8.2 so that it will now read:

tabled

Temporary signs relating to a religious or charitable campaign or event shall be allowed in all Districts in excess of the usual limits, but not exceed twelve (12) square feet in area and no more than one sign per lot, except by Special Permit from the Zoning Board of Appeals. All such signs shall be removed within 15 days of the completion of the activity to which they relate. No sign shall remain for more than sixty (60) days.

Article 39. To see if the Town will vote to amend the Zoning By-Law of the Town of Hadley, Massachusetts, by making the following

additions, changes and deletions or to take any action thereon.

*Add a new Section III-C(1) after III-B.2.d. so that it reads as follows: III-C(1) Local Business District

- 38 for 96 moved
1. The following uses are permitted in a Local Business District:
 - a. all uses permitted in a Agricultural - Residential District
 - b. retail store with a maximum gross floor area of 5,000 square feet per floor;
 - c. service shop, such as barber shop, beauty shop, dry cleaning pick-up shop, with a maximum gross floor area of 2,500 square feet;
 - d. repair shop, such as shoe repair, appliance or electronic repair, jewelry repair, with a maximum gross floor area of 3,000 square feet;
 - e. shop or crafts shop for the manufacture on the premises of products to be sold on the premises to the consumer, such as leather goods, clothing, food, jewelry, with a maximum gross floor area of 2,000 square feet;
 - f. bank, financial, business or professional offices, with a maximum gross floor area of 5,000 square feet;
 - g. retail sales and service for farm implements, with a maximum gross floor area of 5,000 square feet;
 2. Uses which may be permitted by Special Permit by the Board of Appeals in accordance with the regulations appearing in Section VI-B-2 of this By-Law. Square footage of building must conform with above regulations.
 - a. restaurant where food and beverages are served and consumed by patrons seated at a table or counter; with a maximum gross floor area of 5,000 square feet;
 - b. undertaking establishment;
 - c. auto body shop;
 - d. boat sales and rentals;
 - e. combinations of any businesses in section 1, 2, or 1 and 2 not to exceed 10,000 square feet.
 3. Uses listed in III-B-2

*In Section II-A add to the list of districts, 'Local Business District' so that it will read as follows:

Residential
Agricultural-Residential
Local Business District
Business
Industrial
Flood Plain

*Add to the heading of section III-C Business District, (2) so that it now reads III-C.(2) Business District

*In section III-C.(2)1.a. delete the words 'Agricultural-Residence District' and in its place add the words 'Local Business District' so it

reads as follows, a. Any of the uses permitted in a Local Business District.

*In section IV-A. Table no. 1 add the words 'Local Business District' on the same line as Business so that it reads as follows,

Local Business District-Business

*In section IV-B., after the words Agricultural-Residence, add the words "Local Business District" so that it reads as follows,

IV-B. A building or structure hereafter erected in a Agricultural-Residential, Local Business District, Business, or Industrial District shall be located on a lot having not less than the minimum requirements set forth in the table below.

*In section IV-B. Table No. 2 add the words 'Local Business District' on the same line as Business so that it reads as follows,

Local Business District-Business

*In section V-D1. add the words 'Local Business District' after the words 'constructed for', so that it reads as follows,

1. Any building hereafter constructed for Local Business District, Business or Industrial use shall be so located upon its parcel of land that there may be provided an off-street parking area equal to twice the floor area of the building to be constructed.

*In section 6.0, to the heading, add the words 'Local Business District' so that it reads as follows,

Section 6.0 Signs in Local Business District, Business and Industrial Districts.

*In section 6.0, in the first sentence, add the words 'Local Business District', after the words 'In any' so that it reads as follows,

In any Local Business District, Business and Industrial Districts the following signs and no other shall be permitted.

*In section 6.4, add the words 'Local Business District', after the words 'Signs in' so that it reads as follows,

Signs in Local Business District, Business and Industrial Districts must be located at least twenty (20) feet from the front line.

Article 40. To see if the Town will vote to appropriate a sum of money from available funds and that this sum be used in computing the Tax Levy for the 1979 - 1980 fiscal year or take any action thereon.
(Recommended)

Article 41. To see if the Town will vote to accept as a public way Hadley Place, a way shown on a plan entitled "A Definitive Subdivision In Hadley, Massachusetts Prepared for Mac Gress Et Al", dated April 24, 1974, revised May 1, 1974, prepared by Almer Huntley, Jr. & Associates, Inc. and shown on a plan entitled "Plan Of Lots In Hadley, Massachusetts Prepared For Northampton Institution For Savings", dated Nov. 18, 1977, prepared by Almer Huntley, Jr. & Associates, Inc. and as described in a document entitled "Description Hadley Place" on file in the Office of the Town Clerk, or act otherwise thereon.

tabled

Description - Hadley Place:

Beginning at an iron pin set in the Easterly line of a parcel of land to be conveyed to the Town of Hadley for Highway Purposes as shown on the plan of land hereinafter referred to and thence running in a southeasterly direction following the arc of a curve to the left having a radius of 20.00 feet, a distance of 33.17 feet to an iron pin; thence following the arc of a curve to the left having a radius of 375.00 feet, a distance of 133.68 feet to an iron pin; thence following the arc of a curve to the left having a radius of 775.00 feet, a distance of 304.40 feet to an iron pin; thence following the arc of a curve to the right having a radius of 825.00 feet, a distance of 328.34 feet to an iron pin; thence following the arc of a curve to the left having a radius of 575.00 feet, a distance of 285.79 feet to an iron pin; thence following the arc of a curve to the right having a radius of 461.18 feet, a distance of 161.75 feet to a concrete bound; thence following the arc of a curve to the right having a radius of 60.00 feet, a distance of 116.76 feet to a concrete bound set at land now or formerly of Louis Filkowski & Sophie C. Filkowski; thence turning and running S. 10° 52' 39" W. along said land now or formerly of Louis Filkowski & Sophie C. Filkowski 25.91 feet to an unmounted point at land now or formerly of Peter Tolpa & Frances Tolpa; thence continuing along the last mentioned course along said land now or formerly of Peter Tolpa & Frances Tolpa 26.03 feet to a concrete bound; thence following the arc of a curve to the right having a radius of 60.00 feet, a distance of 152.82 feet to a concrete bound; thence following the arc of a curve to the left having a radius of 411.18 feet, a distance of 49.08 feet to an iron pin; thence following the arc of a curve to the left having a radius of 411.18 feet, a distance of 81.88 feet to an iron pin; thence following the arc of a curve to the right having a radius of 625.00 feet, a distance of 310.64 feet to an iron pin; thence following the arc of a curve to the left having a radius of 775.00 feet, a distance of 308.44 feet to an iron pin; thence following the arc of a curve to the right having a radius of 825.00 feet, a distance of 324.04 feet to an iron pin; thence following the arc of a curve to the right having a radius of 425.00 feet, a distance of 154.10 feet to an iron pin; thence following the arc of a curve to the left having a radius of 20.00 feet, a distance of 32.09 feet to an iron pin set at said land to be conveyed to the Town of Hadley for Highway Purposes; thence following the arc of a curve to the right having a radius of 800.00 feet, along said land to be conveyed to the Town of Hadley for Highway Purposes, a distance of 92.39 feet to the iron pin set at the place of beginning.

For further reference see plan entitled "A Definitive Subdivision In Hadley, Massachusetts, Prepared for Mac Gress Et Al", dated April 24, 1974, revised May 1, 1974, prepared by Almer Huntley, Jr. & Associates, Inc. and recorded in the Hampshire County Registry of Deeds in Plan Book 91, Page 57. See also plan entitled "Plan Of Lots In Hadley, Massachusetts, Prepared For Northampton Institution For Savings", dated Nov. 18, 1977, prepared by Almer Huntley, Jr. & Associates, Inc. and recorded in said Registry in Plan Book 105, Page 84.

Article 42. To See if the Town will vote to accept as a public way Kosior Lane, a way shown on a plan entitled "Plan For Subdivision Of Land In Hadley, Mass. Belonging to Peter Kosior", dated February 1974, prepared by John S. Byron, R.S. and as described in a document entitled "Description Kosior Lane" on file in the Office of the Town Clerk, or act otherwise thereon.

Description - Kosior Lane:

Beginning at an iron pin found at the intersection of Middle Street and Kosior Lane, the same being the Southwesterly corner of land now or formerly of one Dymek and thence running S. $75^{\circ} 12'$ E. 425 feet to an iron pin; thence running in a southeasterly direction following the arc of a curve to the right having a radius of 110 feet, a distance of 86.39 feet to an iron pin; thence continuing southeasterly following the arc of a curve to the left having a radius of 60 feet, a distance of 47.12 feet to an iron pin; thence running S. $75^{\circ} 12'$ E. 500 feet to an iron pin; thence following the arc of a curve to the right having a radius of 30 feet, a distance of 24.38 feet to an iron pin; thence following the arc of a curve to the right having a radius of 50 feet, a distance of 119.2 feet to an iron pin; thence following the arc of a curve to the left having a radius of 50 feet, a distance of 64.7 feet to an iron pin; thence following the arc of a curve to the left having a radius of 30 feet, a distance 38.8 feet to an iron pin; thence running S. $14^{\circ} 48'$ W. 150.3 feet to an iron pin; thence following the arc of a curve to the left having a radius of 30 feet, a distance of 27.4 feet to an iron pin; thence following the arc of a curve to the left having a radius of 60 feet, a distance of 123.3 feet to an iron pin at land now or formerly of one Marsh; thence running N. $75^{\circ} 05'$ W. along said land now or formerly of one Marsh 50 feet to an iron pin; thence following the arc of a curve to the right having a radius of 60 feet, a distance of 123.3 feet to an iron pin; thence following the arc of a curve to the left having a radius of 30 feet, a distance of 27.4 feet to an iron pin; thence running N. $14^{\circ} 48'$ E. 159 feet to an iron pin; thence following the arc of a curve to the left having a radius of 30 feet, a distance of 47.12 feet to an iron pin; thence running N. $75^{\circ} 12'$ W. 340 feet to an iron pin; thence following the arc of a curve to the left having a radius of 30 feet, a distance of 47.12 feet to an iron pin; thence running S. $14^{\circ} 48'$ W. 50 feet to an iron pin; thence following the arc of a curve to the left having a radius of 30 feet, a distance of 27.4 feet to an iron pin; thence following the arc of a curve to the right having a radius of 60 feet, a distance of 118.29 feet to an iron pin; thence following the arc of a curve to the right having a radius of 60 feet, a distance of 125 feet to an iron pin; thence following the arc of a curve to the right having a radius of 60 feet, a distance of 54.8 feet to an iron pin; thence following the arc of a curve to the left having a radius of 30 feet, a distance of 27.4 feet to an iron pin; thence running N. $14^{\circ} 48'$ E. 50 feet to an iron pin; thence following the arc of a curve to the left having a radius of 30 feet, a distance of 47.12 feet to an iron pin; thence running N. $75^{\circ} 12'$ W. 25 feet to an iron pin; thence following the arc of a curve to the right having a radius of 110 feet, a distance of 86.39 feet to an iron pin; thence following the arc of a curve

to the left having a radius of 60 feet, a distance of 47.12 feet to an iron pin; thence running N. 75° 12' W. 422.7 feet to an iron pin at the intersection of said Middle Street and Kosior Lane, the same being the Northwesterly corner or land now or formerly of Peter Kosior; thence turning and running N. 12° 32' E. along said Middle Street 50.25 feet to the iron pin found at the place of beginning.

For further reference see plan of land entitled "Plan For The Sub-division Of Land In Hadley, Mass. Belonging to Peter Kosior", dated Feb. 1974, prepared by John S. Byron, R.S., recorded in the Hampshire County Registry of Deeds in Plan Book 91, Page 44.

And you are hereby directed to serve this warrant by posting attested copies at the usual places: one at the Town Hall, one at the Hadley Post Office and one at the North Hadley Village Hall all in said town seven days at least before the time of holding said meeting.

Hereof fail not and make the due return of said warrant with your doings thereon to the Town Clerk at the time and place of aforesaid meeting.

Given under our hands this thirteenth day of February, 1979.

REPORT OF THE FINANCE COMMITTEE

This Finance Committee tries to gather as many facts as possible regarding department services provided and compares this with the costs of operation and inflation. We are not experts, only an advisory committee. We can only recommend or not recommend budget requests and warrant actions. It is you the voter who decides what is to be done and how the money will be appropriated for the town of Hadley. Questions regarding increased costs in Supplies, Personnel, Heavy Equipment should be directed to the specific department or individual involved for more information.

The Finance Committee and we are sure the other town offices, appreciate your concern in the town affairs and problems.

The work load on the town employees has turned part time jobs into full time jobs with part time pay. We feel they are performing efficiently and as good as the equipment they have to work with. This year for the first time we have met with the Selectmen, and each department head to discuss their needs. With the Selectmen having knowledge of town needs it helps us considerably to balance the budget and keep it to more or less a 5% level.

We hope that you all read the town report before the annual meeting and most important become more involved in the town and what is happening and not depend on rumors in deciding the action you should take at the Town Meeting, and above all you should exercise your vote as citizens of Hadley.

Respectfully submitted,

STANLEY J. KOZERA, Chairman
DONALD PIPCZYNSKI
ROGER PRUCNAL

REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Hadley:

This year, 1978, will long be remembered by the people of Hadley. It has been a year of great debate and discussion over Hadley's new mall, sale of water to Amherst, and zoning changes on Route 47. Some of these questions are still to be resolved. It will be remembered as the year Northampton and Boston left Hadley after 50 years for South Deerfield. It will be remembered as the year Pip's Package and Variety Store, after thirty years has gone out of business. '78 will be remembered as a year of large voter participation and voter apathy.

Throughout 1978, the Town has taken advantage of high money market rates and has employed excess funds available to gain additional income for the Town. In the area of purchasing Certificates of Deposit, which mature at intervals of 30, 60, or 90 days, the income derived from source alone has been \$43,547.40.

In response to questions by your Selectmen to the First National Bank of Amherst, a more intense cash management program has been recently initiated, enabling the investment of Town funds on a daily basis. All deposits are more directly to savings accounts and are transferred to the checking accounts only as required to pay specific warrants or bills. Interest earned from the basic savings account at The First National Bank of Amherst has been \$11,792.94 for 1978. With better management of funds in the future, the Town should realize at least \$20,000.00 annually in additional income.

Monthly meetings are being held with the bank to insure all opportunities for investing funds are utilized. Overall, in excess of \$55,000.00 has been realized during 1978 with prospects of at least \$75,000.00 annually based on the existing flow of funds.

In April of 1978, our Sanitary Landfill was sited for various violations by the LPVPC, which resulted in action by the Attorney General. These violations were corrected and the Selectmen assumed all future responsibility for the Sanitary Landfill.

Reconstruction of Route 47 to the Sunderland line is our number one priority, and with preliminary planning now underway. The first phase from Route 9 to Rocky Hill Road is a distinct possibility for this year. This project is Federally funded.

After three years and twelve separate Contracts, our Water System Improvements Program has been completed. Due to the favorable construction climate of 1976 and 1977, we were most fortunate to be able to do considerably more work than was originally contemplated for the funds available. In addition to the original called for (Bay Road Supply, Mt. Holyoke Storage tank and key transmission mains) we were able to extend service to the Hockanum, replace several hydrants and deteriorated mains on Russell Street and rebuild the Town's oldest well station at Mt. Warner. Our system is now among the safest and most modern in the state with a supply capability that far exceeds our projected needs. After some tricky quality problems last summer

at the new Bay Road supply, our Engineers and Superintendent have established a program of control and chemical feed that has proven successful. While there may be some isolated problems occasionally occur over the next few months as our Superintendent becomes more familiar with the new system, we will not experience a recurrence of last May's difficulties.

Our problem with the Fort River erosion on South Middle Street is being studied by our Engineer. We are hopeful most of this work can be done by Town forces.

This Board has met with all Departments several times during the year, and will continue to do so. We find that due to these meetings there has been more co-operation and better understanding between departments. We still have a way to go.

We wish to thank all various Town departments and employees for their co-operation with this Board. It has helped us to better conduct Town business.

Respectfully submitted,

JULIAN FIL, Chairman
BRIAN GLAZIER
JOSEPH F. WANCZYK

REPORT OF THE WATER STUDY COMMITTEE

The Committee was appointed by the Selectmen of Hadley on June 13, 1978 to study the water needs of Hadley and Amherst.

A full report has been filed with the Selectmen and is available to read as a public document.

A suggested contract format was presented as a guide to the Selectmen (as Water Commissioners) if they should ever decide to enter water agreements with Amherst.

The Committee *did not* recommend the sale of water *under any circumstances* - but set down guidelines and fee schedules to protect the Town of Hadley in the event the Selectmen entered into any agreement on water sales with Amherst or others.

Due to the length and technicalities of the Study Report it was felt that a public hearing should be held prior to any future agreement on water sales or use outside the boundaries of Hadley.

JOSEPH L. FITZGIBBON, Chairman
KENNETH EARLE
DONALD PIPCZYNSKI
WILLIAM KOZERA

REPORT OF THE SUPERINTENDENT OF HIGHWAYS AND WATER

To the Honorable Board of Selectmen:

The following projects were undertaken and completed by the Highway and Water Departments in 1978.

In the Highway Department, three miles of road were resurfaced with stone and oil. On Maple Ave., 1,000 feet of sidewalk were resurfaced with blacktop.

Using the Forestry and Dutch Elm accounts, eighty-seven young maples were planted. Some of these were distributed to the townspeople upon request. The beautiful elm tree is rapidly fading away due to the Dutch Elm disease. Last year, twelve more trees succumbed. Also under these same accounts, pruning and trimming were completed in various sections of town. Private concerns were used when special equipment was needed.

Under the Chapter 90 Construction accounts, North Maple Street was finished. Nine hundred feet of subdrain with stone was placed. This work was done to alleviate the ground water problem in certain sections. The final layer of blacktop, complete with berm, was laid. This ended a seven year project.

Along with the general day to day highway maintenance, surface drainage on Stockbridge Street was changed from one pipe to another to allow for the much needed sewer system on that street. On Stockbridge Street, five new catch basins and cross pipes were constructed. Drainage was improved in other sections of town when time and money could be found. Due to the increased growth and development of the town, our workload has also increased, especially in the winter months.

In the Water Department, the water expansion project is now complete with the renovation of the smaller well on Mt. Warner Road. The pump was replaced with a larger one to permit more water to be pumped. The station was remodeled completely inside and out with the installation of a standby diesel motor in case of emergency. The water service connections on Russell Street between East Street and Mill Valley Road were changed from the old cast iron line to the new larger main. The water line extending to the South Hadley line is now functional. This adds much needed fire protection for those residents. To make this work complete, Route 47 South is now completely resurfaced.

Due to an increase in housing construction, an increase in water services installed in 1978 was realized. A total of fifty-one were installed. Nineteen of these services were installed by Town personnel, the remaining thirty-two were installed in the new subdivisions by private concerns, but under the supervision and inspection of Water Department personnel. Two damaged fire hydrants were replaced and another three repaired by the Water Department. In addition to regular Water Department maintenance, which included care of pump stations, water mains and hydrants, emergency repair work was done when necessary. Due to the massive sewer project undertaken in North Hadley by the Town, much emergency repair work was performed by Water Department personnel. This was done at the contractor's expense. This is done to insure the quality and cleanliness of the work.

In closing, I would like to thank all the people involved with our work. Without them our work would not have been so productive. To this I say thank you.

Respectfully submitted,

MICHAEL J. MAJEWSKI, Superintendent
JOSEPH I. PIPCZYNSKI, Ass't. Superintendent
Highway and Water Department

REPORT OF THE CONSERVATION COMMISSION

To the Honorable Board of Selectmen:

The Hadley Conservation Commission is pleased to welcome three new members to the Board. They are, Mike Pewatka, Dick Beauregard and John Kostek. Each gentleman is a valued addition, bringing to us a wealth of experience and knowledge of our Town.

Your Commissioners spent another busy year conducting hearings, following through on formal complaints of possible Wetland violations, along with countless hours spent on site inspections.

We were involved with the North Hadley Sewage Project, the rip-rapping of the Dike, storm drainage on Stockbridge Street, and Pyramid's parking lot extension and drainage system. The Board was in receipt of several Requests for Determinations, which require an on-site inspection, interpretation of the law, followed up by a written response as to the applicability as it pertains to the Wetlands Protection Act.

Dr. Richard Trueswell has resigned the Board. He served for many years as Chairman and was an active member of the Kestrel Trust. It is with deep appreciation that we thank him for his years of service to this Commission and to the people of Hadley.

The Conservation Commissions throughout the State will be actively involved in the filing of formal applications competing for funds allocated for the newly approved Agricultural Farm Preservation Act. We are optimistic in our attempts to preserve some of Hadley's most valuable assets, its farm land.

Respectfully submitted,

CAROL G. TRANE, Chairman	WILLIAM E. DWYER, Esq., Vice-Chm.
ANNE GANSIS, Clerk	MICHAEL PETWATKA
DICK BEAUREGARD	JOHN KOSTEK

REPORT OF THE PLANNING BOARD

This past year has been the busiest on record for the Hadley Planning Board. The following accomplishments are the Board's major achievements for the past twelve months.

Revision of Zoning By-Laws

The Planning Board successfully accomplished a major overhaul in the Town's zoning by-laws. These by-laws were significantly updated for the first time in many years to allow Hadley to cope with the increased pressures of growth. New by-laws pertaining to trailers, mobile homes, earth and gravel removal, and site plan review were enacted.

Chapter 808

Chapter, the new state zoning law was passed by the state legislature, mandated each city and town in the Commonwealth to comply with these new regulations by June 30, 1978. Tireless hours were spent revising our by-laws to conform with these new state regulations with the culmination of the passage of these articles at the annual town meeting.

The combination of the necessary revisions to comply with Chapter 808 and the updating changes will now give Hadley its most comprehensive set of zoning by-laws.

Zoning Booklet

For the first time since 1961, a new completely updated zoning booklet has been approved by the Attorney-General and is now printed and available to the citizens of Hadley. We hope this comprehensive booklet will clarify many of the zoning queries which have developed.

Zoning Map

The old zoning map has served us well but left much to individual interpretation and too many misunderstandings. The new map, adopted at a special town meeting in September 1978, has gone a long way to clarify these misunderstandings with a minimal amount of zoning changes. This new map is now available to the citizens of Hadley.

Site Plan Review

To protect the Town against indiscriminate, large scale, commercial development, Hadley adopted a Site Plan Review at a special town meeting September 29, 1978. This replaced the Site Plan Approval adopted at the annual town meeting and rescinded July 19, 1978 to remove the special permit clause in order to allow Pyramid to continue construction of the Hampshire Mall. The present site plan review is probably a temporary protection because the September special town meeting strongly recommended that the Planning Board go ahead with research on a new, strengthened Site Plan Approval.

Pyramid-Hampshire Mall Controversy

One of the most controversial issues to ever hit the town of Hadley was the controversy surrounding the construction of the Hampshire Mall by the Pyramid Corporation. The construction of a major mall is bound to stir the emotions of many people. But the significant fact to

note is that the people had the ultimate vote at a special town meeting where they overwhelmingly approved the construction of this mall. It is also important to note in this Pyramid controversy that our zoning by-laws only allowed the Planning Board to "regulate, but not prohibit." The Planning Board did however impose strict regulations to help guarantee the proper construction, to insure the safety of our citizens in and around the mall, to protect the environment and ensure appealing architecture and pleasing landscaping. These regulations were guaranteed by a \$500,000 performance bond to further protect the town.

Subdivision Regulations

One of the most significant changes brought about by the Planning Board this past year was the adoption of a new comprehensive set of subdivision regulations. These new regulations, which were adopted by the Planning Board in January 1979, now gives the town better control over subdivisions by imposing more strict regulations and guaranteeing inspection of each step of the construction of new subdivisions.

National Flood Insurance Program

At the special town meeting this fall, the town authorized the Planning Board to draw up the required By-Laws needed to conform to the National Flood Insurance Program. They are now complete and are waiting for town approval.

Rezoning Route 47

The Selectmen and the Planning Board have received a petition to rezone Route 47 north of Route 9 from general business to a Local Business District. A prototype of a Local Business District was presented at a public hearing and will wait the ultimate decision of the voters.

Savings to Hadley

The Planning Board, through its own hard work has saved the taxpayers of Hadley at least ten thousand dollars by drafting its own subdivision regulations, revising the zoning by-laws, and redoing our Zoning Map, all by utilizing our own people with guidance from the various planning agencies, paid off in savings to the town. We will continue to work hard for the citizens of Hadley, not only to keep a tight fist on our budget, but to plan the future of the Town for the best interests of the majority of our citizens.

Respectfully submitted,

JOSEPH ZGRODNIK, Chairman
EDWARD GNATEK, JR.
MICHAEL KOSTEK
CHESTER KULIKOWSKI
JOSEPH S. WANCZYK

REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen:

I herewith submit my fourth annual report as Chief of Police of the Town of Hadley for 1978.

Personnel and Training

The Present total membership of the Hadley Police Department is nineteen members. This past year Joel Searle was appointed Lieutenant and Michael Majewski promoted to Sergeant.

Officers Joanna P. Devine, Edward Buckowski, Willaim Murphy, John Pliska, Edward Waskiewicz, Stanley Witkos, Lt. Joel Searle and Chief Pipczynski participated and completed a course sponsored by the Massachusetts Criminal Justice Training Council. This was a 40 hour course in all phases of police work including the use of firearms.

Sgt. Michael Majewski attended and completed a Firearms Instructor course. This was a one week 40 hour course to train and qualify an officer as Firearms Instructor in all types of police weapons.

Equipment

A new cruiser was purchased in 1978 fulfilling Article 33 of the 1978 Town Warrant. Again this year as last year we had the misfortune of being in need of an engine for another of our patrol cars. This large expenditure was solved in the same manner as in 1977 by the donation of an engine to the department by Hadley Motor Sales. I would like to thank Hadley Motor Sales for this contribution.

Highway Safety

Our radar set remains in constant operation and continues to be a great asset in slowing traffic in residential areas of town where traffic has increased due to motorists seeking alternate routes from Route 9.

Community Participation

Officers Dennis Hukowicz and Sgt. Michael Majewski, Jr. participated in the Hopkins Academy Education Program. Their part in the program consisted of talks on safe driving, radar demonstration, breathalyzer operation and the laws associated with this machine.

The yearly visit to the kindergarten Class in October was made by Sgt. Majewski and Officer James Basile. This visit enables children to become familiar with a police officer and the equipment he uses.

REPORT OF THE BOARD OF HEALTH

To the Citizens of the Town of Hadley:

In the past year, the Hadley Board of Health has seen substantial growth in town, with a dramatic increase in home building and the building of the new Hampshire Mall. Our work load has increased tremendously by this growth, along with more demands by federal and state officials, by townspeople, and by more regulations added to existing ones.

Present regulations on new homes require inspection by the Board of Health for a Certificate of Occupancy upon completion, and also requires the handling of complaints of housing code violations, by persons living in rented apartments.

We have set up a mosquito control program which has worked well this past summer. To have effective control, areas must be fogged at least every ten days or sooner, if precipitation is heavier.

Our present sanitary landfill is rapidly being filled, and we are proposing to purchase more land at the Town Meeting. The Town also hopes that Cooley Dickinson Hospital will obtain a federal grant to build a regional incinerator to burn refuse to generate steam and electricity, with the Town utilizing the incinerator.

The issuance of over 50 food service permits to establishments in town has been a very demanding effort on inspection and reinspection of facilities. Many restaurants have to be kept under close surveillance for sanitary conditions. Licenses are also issued for milk, frozen dessert, ice cream, Disposal Work Installers, transportation of septic liquids, motels, construction of septic systems in unsewered areas, along with monitoring percolation tests and replacement of all septic systems.

The North Hadley sewer is slated to be completed this year, and it will be the Board's responsibility to enforce the By-Law adopted at last year's Town Meeting, requiring connection to the sewer one year after completion of installation of the lines. We shall continue to require, through legal action if necessary, all persons who have not connected to the sewer system, and have been notified by the Board in the past, to do so.

We have enjoyed working closely with all Boards and Departments this past year. Our meetings are open meetings as required by law, and are posted at the Town Hall. We welcome input from all individuals in town. Our goal is to make Hadley a healthy and clean place to live. We have the welfare of all individuals in mind, and we try to do our jobs properly. We strive to abide by all regulations without becoming institutionalized.

Respectfully submitted,

ALFRED SZARKOWSKI, Chairman
DANIEL OMASTA
LOUIS KLIMOSKI

REPORT OF THE PUBLIC HEALTH NURSE

To the Hadley Board of Health:

Your Public Health Nurse works for the Hadley Board of Health. She must follow specific rules and regulations. Certain procedures must be followed to enable her to work in various family situations, to work easily, effectively, and with maximum amount of safety and comfort to the patient.

Her objectives are:

To assist in securing early diagnosis and adequate medical care. To give skilled nursing care in the home. To teach by demonstration and through supervision the care of the sick. To teach the entire family personal Hygiene, prevention of diseases, and promotion of health. To stimulate and promote rehabilitative techniques.

In all professional contacts, the nurse gives supportive care to the child, adult, and family; helps families gain the knowledge they need to make decisions in child care and family health; and encourages individuals and families to participate in their own health care.

Health counseling and dietary instructions are given as needed. Free diabetic teaching for diabetics and their families are given by your nurse, also instructions on taking insulin and testing urine.

Pre-natal and post-natal visits and the care of the newborn are part of the program. The adjustment of parenthood is at its peak between hospital discharge and before the first visit to the pediatrician and obstetrician.

One hundred persons attended the free flu clinic sponsored by the Board of Health on November 16, 1978. Hadley residents 60 or older and those 25 and over with chronic illness received the Trivalent Vaccine. Volunteers assisting your nurse at the clinic were Jean Mushenski and Helen Kowal.

Seven T.B. Contacts were seen by your nurse, six had negative reactions. One person had a positive reaction and was put on Chemotherapy. (I.N.H.) The follow-up care on T.B. contacts is done by your nurse. The Town of Hadley communicable disease control, techniques, and regulations are the minimum requirements of the State Health Department.

Nursing like other professions has been greatly influenced by the extra ordinarily rapid rate of both social and cultural changes that have characterized our society in recent years. The fundamental change in the care of the sick has been the shift from hospitals and other institutions, back to providing nursing care and extensive home care.

There were 537 home visits at the request of physicians and referrals from hospitals. The following treatments were given; hypodermic injections, catheterizations, bladder irrigation, foley catheter change, enemas, wound irrigations, surgical dressings, baths, blood pressures, first aid, and removal of surgical sutures. Your nurse must have a written order from the physician in charge for all treatments given.

The greatest number of home care visits were made to our citizens in the age group of 65 and over. Most of the nurses activities centered

around home care visits to the sick, often requiring two visits per day, one in the morning and in the evening.

The decreasing death rate of our senior citizens and the diminishing birth rate has left our community of 4,000 with about 690 citizens 60 years old and older; about equal to our school enrollment of 694.

The fees remain at \$3.00 per visit and is on a sliding scale. Fees collected were \$330.00.

Four hundred and four telephone calls were received for nursing care. Calls for information and referral for health, social and community services, and the flu clinic were too numerous to count. Your nurse receives many calls by Hadley residents because they are in need of help and do not know who to call.

The C.O.A. sponsors a free blood Pressure clinic on the first Friday of each month, and is staffed by volunteer nurses.

"The Vial of Life" program is sponsored by the C.O.A. It is a program designed to make an individual's emergency medical information available to police, fire and ambulance companies. The project involves placing a small container - often a plastic pill bottle - with a form listing a person's doctor, pharmacist, nearest relative and medical history in his or her refrigerator. The bottle is taped to the upper right-hand shelf or wall of the refrigerator. A small red heart shaped sticker is then attached to the door. This is a very important service and more citizens should take advantage of it.

"Massachusetts is one of 40 states that allow some form of drug substitution. Generic drugs that are equal in quality and medical effect to higher-priced brand names are now available," except when prohibited by the prescribing physician. Ask your physician.

Many of our Polish Immigrants are now in their 70's and 80's who are living alone and are unable to speak or understand English. We also have the newcomers who have not yet mastered the English language. Their inability to communicate is causing misunderstanding. Your nurse speaks Polish, but a bilingual person is needed, especially since a full range of medical and social alternatives in long term care are being developed.

There are services available to all during periods of stress or illness.

Because our agency is too small to qualify for Medicare and Medicaid reimbursements, the Northampton V.H.A. has handled some of these cases this year. This also allows our residents to take advantage of the city's speech and physical therapy programs. However when the time limit on these programs expires the patients are referred back to the Town nurse.

Hot meals are available to senior citizens 5 days a week. "Meals on Wheels" is also a program that brings meals to senior citizens who cannot make their meals or who are ill. The Highland Valley Elder Service Center Inc. offers a great deal of help. To keep the elderly from being sent to nursing homes; health aides, nurse aids, home aids, home makers, companions and legal counseling are also available.

Free Diabetic teaching classes, Blood Pressure and Diabetic Detection clinics are held at Cooley Dickinson Hospital.

There are many programs in Hampshire County that are available to the citizens of Hadley.

The Loan Closet which carries sick room supplies and medical equipment from Hospital Beds, Folding wheel chairs, walkers, commodes, and other supplies has been very active. Sixty nine pieces of equipment were borrowed this year. Your nurse painted two beds and springs. A great deal of the articles need care, and the mattresses received a lot of wear and tear, and we hope that eventually they could be replaced. Your nurse carries many non-nursing functions and responsibilities and the Loan Closet is one of them.

Meetings attended by your nurse, were on nutrition, housing for the elderly, drugs, crime prevention and legal services, advice and referral.

Special recognition goes to our Police Department for their quick response to the many medical emergencies.

To the much overworked Board of Health, a sincere "Thank you" for their guidance and support.

We also hope that you will have a good New Year and be blessed with good health.

Respectfully submitted,
HELEN J. VANASSE, R.N.
Public Health Nurse

REPORT OF THE VETERANS' AGENT

To the Honorable board of Selectmen:

I hereby submit my report as Veterans' Agent for the year 1978.

This year has been a busy year serving our Veterans and their dependents in time of need. In addition to helping them financially, I also assist them in seeking employment, locating lost service records, and helping them get medical assistance.

The Veterans' Services shows a slight increase in the budget due to the higher cost of living. I hope my department has been helpful to our veterans and their dependents this year.

I would like to thank the taxpayers, Selectmen and other town officials who have helped the veterans of our town.

Respectfully submitted,
ALEXANDER C. MOKRZECKI
Veterans' Agent

REPORT OF THE COUNCIL ON AGING

To the Honorable Board of Selectmen:

The Hadley Council on Aging submits the following report to the citizens of Hadley, Mass.

Free bus service is still available to the Campus Plaza on Tuesdays and to the Mt. Farms Mall on Thursdays.

Bingo is played every Wednesday afternoon at 1:00 p.m. at Golden Court Community Hall. We would like more people to attend this fun afternoon.

Hot lunches are served daily by the Highland Valley Elder Nutrition Program at Golden Court Community Hall five days a week. There are about forty to forty-five Seniors who receive this service.

Meals on Wheels are available for any Senior Citizen who needs this service.

The Board of Health in cooperation with the Council on Aging held a Flu Clinic on November 16th at Golden Court Community Hall. Dr. Von Trapp administered the shots. This was a free service for Seniors.

There is a free Blood Pressure Clinic held the first Friday of the month at the Community Hall. The Council thanks all the nurses who volunteered their time. This year approximately 480 Seniors took advantage of this service.

We still have our part time Senior Aide from Highland Valley Elder Service. She takes Seniors to the Doctor's, Dentist's or any Hospital appointments. In case of sickness or vacations, we are lucky to have Michael Petwatka who volunteers his time. Many thanks, Michael. There have been 178 medical trips made.

Arts and Crafts are still held on Monday afternoon from 1:00 p.m. to 3:00 p.m. at Golden Court Community Hall. This year the ladies that attend the Arts and Crafts made two quilts, pillows, shawl, a plague of dried flowers and other articles which were raffled off as a money making project.

A spaghetti supper and food sale was held at Hopkins Cafetorium on November 16th. We wish to thank everyone who helped us make it such a success. Special thanks go to the teenagers who helped to serve the meal.

The biggest event of the year for the Council was the day the van was delivered to us. With the help of everyone who contributed in any way to make this van possible, we express our sincere thanks. We thank the Lion's Club for equipping our van with a first aid kit and a CB radio, and to Fred Wilda for lettering the van.

March 16th. Forty-two Seniors attended a flower show at the Boston Pier. Many varieties of plants, shrubs and trees were displayed along with the Spring flowers. On our return home, we had dinner at The Old Mill in Westminster.

March 30th. Sound of Music at the Coachlight Dinner Theater was attended by 41 Seniors.

April 1st. The New York trip to see the Easter Show 'Cross Swords' at Radio City Music Hall was attended by 40 Seniors. There was free time for shopping. The Rockettes who were dressed as Easter bunnies were very impressive. After the show we stopped at the Hilton Hotel in Tarrytown N. Y. for dinner which was enjoyed by everyone.

May 24th. Auntie Mame at the Chateau de Ville Dinner Theatre was enjoyed by 42 Seniors.

June 9th. Lawrence Welk at Springfield Civic Center was attended by 40 Seniors. It was a great delight to see him and the members of his entertainment group in person.

June 15th. Red Sox vs. Oakland ball game at Boston Fenway Park was enjoyed by 42 Seniors.

July 28th. Mystic Seaport, Conn. Forty-one Seniors enjoyed the Aquarium, ate lunch at Seamen's Inn, and spent the afternoon on their own visiting the different museums and the formal exhibit buildings.

August 9-10-11th. A three day Downeast Maine trip was enjoyed by 29 participants. En route to Boothbay Harbor we stopped at Portland, Maine where we met a guide from the Historical Society of Portland. He took us on a tour, depicting many historical buildings and points of interest of Portland.

On arriving at Boothbay Harbor we boarded a lobster boat which took us to the lobster traps where we were shown how lobsters are caught, measured and selected for sale. After this cruise, we had a Down East lobster bake at the Pier which was enormously enjoyed by all. The following day we went on a three hour cruise around the islands of Boothbay Harbor. The afternoon was spent shopping in various shops at the Pier. We also visited an aquarium. Dinner was served in Damariscotta, Maine. En route home we stopped at Ogunquit, Maine to shop and have lunch.

Sept. 16th Baseball Game-Red Sox vs. Yankee's. Forty Seniors went to Yankee Stadium and enjoyed a very exciting game. En route home we stopped at Vallee's Steak House in Yonkers for dinner.

Sept. 19th. Eleven Seniors went to the Eastern States Fair.

Sept. 23rd. Forty Seniors enjoyed Arthur Fiedler and the Boston Pops orchestra at the Springfield Civic Center. It was a most enjoyable evening.

Oct. 10th. The Ice Capades were enjoyed by 35 participants. We travelled on the school bus. The theme of the Ice Capades this year was "Star Wars". It was a beautiful revue.

Oct. 20th. Foliage trip to Vermont. We travelled to Basketville in Putney, Vt., and to the cheese factory in Plymouth, Vt. We had a pot roast dinner at the Fox Run in Ludlow, Vt. After lunch we visited the Mary Minor Toy Factory in Townshend, Vt. We received a hundred dollars from the Lion's Club towards this trip. We would like to express our thanks to the Lion's Club for this donation.

Nov. 16th. Thirty-six Seniors went to the "Healing Service" at St. John's Church in Worcester. Father Ralph De Orio conducted the service which was extremely impressive. We witnessed many healings.

Dec. 29th. We had 44 Seniors who attended our New Year's party at the Jolly Bull in Hadley. A fish or chicken dinner was served. Iva Barstow played piano for our sing along. We had door prizes, also New Year's hats, balloons and noisemakers. It was a festive occasion.

We again express our thanks and appreciation to the Town for the use of the school bus and to all the Clubs, Church groups and individuals who helped us in any way for the many donations towards our van.

Respectfully submitted,

ERNEST G. SEALANDER, Chm.	MARGARET BARSTOW, Vice-Chm.

REPORT OF THE GOODWIN MEMORIAL LIBRARY TRUSTEES

To the Selectmen and Citizens of Hadley:

The Trustees of the Goodwin Memorial Library submit the following report for the year 1978.

Utilization of the library facilities was excellent in 1978 with circulation exceeding 7800 volumes. The library added 441 volumes to the inventory and was able to utilize the Western Regional Bookmobile as a supplement to the quantity and variety offered for our citizens enjoyment. In addition, the librarians completed the replacement of worn volumes of the classics in the inventory.

Scheduled repairs and improvements to the physical plant were completed during the year including replacement of shrubbery and roof repairs. The purchase of a Seth Thomas Mantle Clock to replace the wall clock aesthetically enhances the library interior.

The trustees and librarians wish to acknowledge and thank the following for their gifts to the library during the year:
Mrs. Clifford Bowen, Mrs. John Longstaff, Mrs. Fern Nutter, Mrs. John Trueswell, Mrs. Robert Vanderlick, the Exxon Travel Club and the Monsanto Company.

The Goodwin Memorial Library hours continue to be: Monday through Friday from 1:30 p.m. to 4:30 p.m. and on Tuesday and Friday evenings from 6:30 p.m. to 8:30 p.m.

The trustees and librarians wish to thank the town officials for their cooperation during the year. We especially thank the citizens of Hadley for their excellent support.

Respectfully submitted,

ANN C. WHITE, Chairman
ALICE BYRON
AMELIA PEKALA

FLORENCE BURKE
MARY FITZGIBBON
HELEN VANASSE

REPORT OF THE LIBRARIAN

I herewith submit my report for the year 1978 as librarian of the North Hadley Branch of the Goodwin Memorial Library.

The North Hadley Library has regularly been open each Monday from 3 to 5 and 6:30 to 9:30 p.m., and on Thursdays from 3 to 5 p.m. Mrs. Miriam Pratt has continued as librarian. Mrs. Justina Kielec is assistant, with occasional help from Miss Dorothy Russell and Mrs. Albina Jochym. The circulation for the year is 1764.

New books purchased totalled 64, 21 for juvenile readers and 43 for adults. There were 10 albums of records purchased, four of them for children. Records are borrowed, as are books, for a two week period.

Eleven memorial books have been donated this year, given by Ross and Elizabeth Frair and George and Miriam Pratt in memory of Helen Yusko, Florence Babb, Francis Russell, Edna Woczyna, Ernest Tidlund, Stella Schimchuck, Wassily Korenewsy and Earl Hahn.

There has been a great increase in the number of good second-hand books donated this year, totalling 204 books, given by Patricia Elson, Judith Boyko, Wilma Trueswell, Mr. and Mrs. Fred Zaganiacz, Patricia Hickey, S. Vigeant, Mr. and Mrs. Rodney Haggett, Miriam Pratt, Mr. and Mrs. Verne Spear, Helen Nash, and Myrtle Chereskie.

The library continues to use the books left periodically at the library by the Western Massachusetts Regional Bookmobile, to augment the number and variety of books available to readers, ~~of Trustees,~~

The library continues to use the books left periodically at the library by the Western Massachusetts Regional Bookmobile, to augment the number and variety of books available to readers of all ages. Books in large print for partially-sighted readers have been obtained from the Bookmobile regularly, and the borrowed records continue to be popular.

The North Hadley Library is located on the first floor of the North Hadley Village Hall on River Drive. All townspeople are invited to continue using this library of 6300 volumes which primarily serves the northern section of the town of Hadley.

Respectfully submitted,
MIRIAM R. PRATT, Librarian
North Hadley Branch

REPORT OF THE TOWN CLERK

To the Citizens of the Town of Hadley, Massachusetts:

I respectfully submit to you my annual report for the year ending December 31, 1978.

Vital Statistics of the Town of Hadley

Revenue Sharing Funds in Savings Bank	50,397.71
Total Balance	<u>\$1,627,192.69</u>

Respectfully submitted,

AMELIA PEKALA, Treasurer

HADLEY HISTORICAL COMMISSION

To the Citizens of the Town of Hadley:

During 1978 initial steps were taken to prepare a map of Hadley showing the location of all buildings, both public and private, in the town together with the names of present owners. This is an attempt to update earlier maps of 1860 and 1873 containing the same type of information for those years. These maps will provide future historians with valuable information for research projects.

The members of the Hadley Historical Commission need volunteers to help with the inventorying of houses. The accompanying form lists the type of information required. Much of the requested material is known by the property owners and their assistance would speed up the completion of inventories in Hadley.

Annually, the members of the Hadley Historical Commission report on the status of the Mt. Holyoke Summit House because of their interest in the building as an historical landmark. During 1978 the Commonwealth of Massachusetts appropriated \$600,000 for the restoration of the Summit House. The responsibility for the implementation of the project now rests with the Mt. Holyoke Range Advisory Board. The Mt. Holyoke Summit House Task Force was dissolved by the state after the appropriation of the funds.

During 1978 some or all members of this commission, at the request of various town boards, attended meetings and hearings involving some historic aspect of the town.

Attractive house signs noting the date of the house are beginning to appear on the street side of houses that have been inventoried and the date of the house has been established. This project is the joint effort of the Hadley Historical Society and the Hadley Historical Commission with valuable help from many individuals. The attractive signs, 8" x 15", have beveled edges, white background, black numerals and a black line edge. The first sign appeared on West Street in December. The custom made signs are available through the Hadley Historical Society at a fee.

The Commission is always interested in old and unusual maps of the town that can improve or expand information about the town. Owners of such maps are asked to contact any member of the Commission concerning a gift or a loan of the maps for study and research.

The Hadley Historical Commission meets at the Town Hall at 3:00 on the third Tuesday of each month. All interested residents are invited.

During this year the resignation of Holly Hobbie was accepted with regret.

The members of this Commission appreciate the help and support they received from public officials and private citizens during the year and look forward to continue good relationships.

As part of its program for 1978 the Commission is planning a detailed map of the town showing every building on every street. To do this the Commission needs your help in preparing historical documentation of all buildings, public and private.

At the same time the Commission is working with the Hadley Historical Society in the preparation of house signs similar to the ones on the cover of this news letter. The house sign will be attached to the front of the building and will note the date of the house and its first owner or builder, if known. All buildings, regardless of age, are eligible for signs.

Please answer the following questions and return it to any member of the Commission or leave it in the Selectmen's Office in the Town Hall or staple it, put on a 15 cent stamp and mail it to the Commission before May 1.

- Yes---- No----

1. If the signs are available at a nominal price are you interested in having one for your house?
- 2. When was your house built?
- 3. Who was the original owner or builder?
- Yes---- No----

4. Are there interesting facts about your house?
Its use, previous owners, important events?
Explain:
- Yes---- No----

5. If you do not have the above information are you willing to search for it? If you need help or have any questions contact one of the members of the Commission.

Name.....

Address.....

Commission meetings are held on the third Tuesday of each month (except July and August) at three o'clock in the Town Hall. Everyone is welcome.

Respectfully submitted,

MAC GRESS, Chairman

DOROTHY RUSSELL, Vice Chairman

JOHN W. CLOUGH, Treasurer

MABEL WEST, Vice Chairman

MARARET C. DWYER, Secy.

DANIEL OMASTA, JR.

REPORT OF THE PARK AND RECREATION COMMISSION

The Hadley Park and Recreation Commission submits its annual report for 1978.

Most of our recreation activities takes place in the old gym. Men's Basketball and Weightlifting programs are held on Monday and Wednesday evening and Sunday morning. The program has been very successful over the years as many Hadley men enjoy this time to work out.

A Women's basketball league has begun this year. One night (Thursday) a week has been set aside in the old Gym for any women resident, 18 years and older.

Youth Basketball for boys grades 3-6, directed by Mr. Berger and coached by varsity players and fathers have approximately 40 boys involved. This takes place in the New Gym.

Youth Basketball for girls grades 3-8, directed by Ms. McCulloch and coached by varsity (girls) players have about 15-20 active girls on the teams. This also takes place in the New Gym.

A co-ed Gymnastics class has been available for any child in grades 1-6. Ms. Jane Keyes is the instructor, assisted by Ms. Lisa Wiater. A very healthy group of 70 children are participating.

Elementary Ski Lesson Program for both boys and girls grades 1-6 had a sign up of around 20 children. The bus was however, open to any other children interested in skiing Berkshire Snow Basin. Supervision was provided by the commission.

Skating rinks were available for the town residents. Lights have made it possible for night skating also.

Women's exercise class was held by Ms. Diane Flaherty to about 15 women. The class was one hour, weekly in the old gym.

The Easter Egg Hunt was held in March for children, pre-school to sixth grade. This is a favorite yearly event and a large turnout always participates. The group this year participated in various games. The children gathered Easter eggs, had a real egg toss. The Easter bunny highlighted the program. Prizes were awarded to winners.

The Fishing Derby was held at the Hadley Reservoir this year. Approximately 250 fish were released for the children to catch. Because the Reservoir is so large, few fish were caught. The prizes again donated by the United Sportsmans Association was a \$25.00 savings bond given to the boy and girl who caught the largest fish.

Fourth of July activities were not provided this year for lack of interest in the past. The commission however, provided the music for the events.

The first annual Recreation Day was held on September 1st at the Three County Fair. A bus of 30 youths in grades 1-7 represented Hadley at the event. The team was coached by the commission. They participated in various games and relays. The children were separated into age groups and competed against children from other surrounding towns. The team who accumulated the highest number of points at the conclusion of the day received a trophy. Hadley placed 3rd in the com-

petition. The event will be an annual addition to the Three County Fair and is sponsored by the Northampton Recreation Department.

Youth Soccer was co-ed and approximately 40 boys and 10 girls participated. The children, directed by Mr. Berger and coached by the varsity teams had 4 teams. A schedule of 9 games, 3 round of 3 each with playoffs, 2 games per team was fun for the kids. An all star game (teams picked by coaches) against Northampton showed a score of Hadley 2 - Hamp 1 in an overtime. Our future Hopkins Varsity Soccer team!

Summer Day Camp was directed by Ms. Mary Murray, a graduate of the University of Massachusetts, Physical Education Dept. The six week, 9-12 noon program was opened to any town resident grades K-6th. Day Camp began July 10 and ended August 18th. The Program under the direction of six very well qualified counselors offered the children many educational and fun activities. Places of interest to visit such as the Friendly Ice Cream Plant, Forest Park Zoo, New England Aquarium, Mt. Holyoke Summer Theater, Snows Animal Farm were offered to the kids. A highlight for some of the older children was a visit to Fenway Park to watch a Red Sox game. Other activities included: Crafts Fair, Gong Show, Bike rides, swimming, fishing, Campers of the week, and on the last day there was a picnic and field day. Eighty-five children participated in the very active summer. We are sure they all enjoyed this very well balanced program.

Again we wish to thank all of you who have contributed any of your time in helping us make as many activities possible for the town residents. If anyone has any other suggestions of activities which we may pursue, we are always open for discussion. Please come the Recreation Office in the old Gym or call us any Monday evening from 7-8 p.m.

It's been a pleasure serving you.

Respectfully submitted,

JOANNE WASKIEWICZ, Chairperson
MARYANN BERESTKA
EDWARD WASKIEWICZ

REPORT OF THE SCHOOL COMMITTEE

Despite isolated but well publicized personnel confrontations, it should be reported that the Hadley Public Schools are currently having a very promising year. As professionals, the staff began the school year in September rising above the problems that caused the anxieties and frustrations of last year. Unfortunately for the Town of Hadley, the media seem to prolong Hadley's negative issues in the fishbowl of news which tends to magnify and distort the image presented to the region.

Evidence for the dedication of the staff comes in the RAH awards that are presented in recognition of outstanding achievement on the part of a staff member. The School Committee has had the honor of recognizing many staff members during the past year for special contributions they have made to the Hadley Schools.

Last spring the School Committee was presented several administrative staff reorganization proposals. Following a hearing sponsored by Citizens Interested in Education and School Committee discussions, the committee voted to implement a plan that reduced two Chapter 766 positions and formed a new curriculum coordinator position.

The School Committee has continued to work on the long-term project of developing a policy manual. Development of this document will allow students, staff, and community to have access to all the policies and regulations that govern the school system.

In conclusion, the Hadley School Committee would like to thank the Board of Selectmen, the other town boards and departments for their assistance and support during the past year. The committee would also like to express its appreciation to all school personnel, students, parents, and townspeople who have contributed to the effective operation of the Hadley Schools.

Respectfully submitted,

GARY MILLETT, Chairman
CAROL TRANE, Vice Chairman
JOSEPH CUMMINGS
PATRICIA OSIP
KENNETH PARSONS

REPORT OF THE SUPERINTENDENT OF SCHOOLS

This is my seventh annual report to inform you about the schools and education in general.

The past year has been one of problems, progress and hope.

In my last annual report, I predicted that there would be problems and most of them had to do with personnel. In simple terms, we are demanding accountability for performance and responsibility to the taxpayers. Neither task is easy, but both are necessary.

Progress, however, continues in improving our programs and services. The major emphasis is on improving instruction in the basic skills (reading, writing and arithmetic). But, other areas of instruction are not being neglected.

The high school science program is being improved, social studies is under review, and a federally funded graphic arts program is being developed.

In addition, a nutrition education program has been written in order to secure federal funds.

Project P.E.P. (Personalized Education Plans) is being expanded in the elementary schools, a reading list by grade level has been developed for grades K-6, and the gifted and talented program has been expanded.

Most important is that a curriculum coordinator has been added to provide daily monitoring and evaluation of the curriculum K-12.

Yet, all of the improvements have been accomplished without adding any significant costs. The budget for 1978-1979 was only 5% over the prior year, and the new budget for 1979-1980 is only 5% over the current budget.

There is also hope for the future, both immediate and long-range; although problems and obstacles will continue to plague the schools locally, statewide, and nationwide.

The schools are now beginning to look closely at their primary mission which is instruction and this effort will continue over the next few years. Students seem more serious and concerned with their education. Funding will be tight, but should be adequate. And, locally, we have a number of projects underway to continue our improvement of the schools.

I would like to take this opportunity to thank the staff, parents, community and school committee for their assistance and support this past year.

Respectfully submitted,

ARMAND A. FUSCO, Ed. D.
Superintendent of Schools

REPORT OF THE ELEMENTARY SCHOOL PRINCIPAL

Dear Dr. Fusco:

The following constitutes my ninth annual report of the Hadley Elementary Schools.

Total enrollment, as of October 1, 1978, for grades K-6 was 341, reflecting a loss of 14 pupils from the previous year. Breakdown, by school, is as follows:

Hooker School		Russell School	
Kindergarten	45	Grade five	61
Grade one	38	Grade six	48
Grade two	49		
Grade three	57	Total	109
Grade four	43		
Total	232		

There are two classes at each grade level for the 1978-1979 school year. With the exception of grades three and five, the teacher/pupil ratio ranges from 1/19-1/24. Due to the larger enrollment in Grades three and five, the School Committee authorized a full-time instructional aide for each of those grades. If the enrollment remains about the same for the 1979-1980 school year, consideration should be given to continuing the use of these instructional aides for Grades four and six.

The pilot program (Project PEP - Personalized Educational Plans), which began in Grade one last year was extended this year to include Grade two. Mrs. Elizabeth Hukowicz, Coordinator of PEP and Gifted and Talented Programs, indicates that the goal is to extend the PEP program through Grade five, during this school year.

As part of the PEP program, interest centers for the students of Grades K-2 were scheduled approximately once a month on a Friday afternoon, lasting about one hour.

All students in these grades selected an interest center of their choice and participated in the activities. Many parents, faculty and students from Hopkins Academy volunteered their expertise to make these centers a success. Centers for the month of December numbered about 16 and had themes relating to the holiday season such as: Pine Cone Craft, Wreaths, Pinata, Candy Houses, Ornaments, etc.

Crossgrading in Grades one/two and Grades five/six was implemented in limited academic areas. The Grade six teachers provide the language instruction for all of the students in Grades five and six. The fifth grade teachers provide the math instruction for all students in grades five and six. In grades one and two, the children were regrouped in reading. Traditionally, each teacher would handle their own students for reading - this resulted in any one teacher having a wide range of reading abilities to cope with. By regrouping, each teacher was assigned a group of students with a narrower range of abilities. This allows for more effectiveness in teaching and gives the student a greater exposure to skill development.

The gifted and talented program, which began last spring in grades five and six, was extended this fall to include students in grades four and seven. The groups meet each Friday with their faculty advisors. Several enrichment field trips were made as a result of the program. Students involved in the program plan activities and projects under the supervision of their advisors.

A number of classes have taken advantage of the environmental program offered by the Hitchcock Center in Amherst. School day field trips usually depart from the school about 9:30 A.M. and return at 1:30 P.M. A variety of programs is offered by the center. Personnel from the center prepare the students for the trip through planned classroom activities the day before with follow-up activities upon completion of the trip.

In addition to the regular field trips scheduled, several enrichment field trips were undertaken. Grades one and two spent an entire day in Plymouth to culminate classroom activities related to the Pilgrims and Thanksgiving; grades five and six attended the Youth Concert at Symphony Hall in Springfield, and the "Peter Pan" play at the University of Massachusetts, Amherst.

Miss Doreen Dec, elementary art teacher, arranged several workshops for various grade levels to supplement and enrich the art program for our students. The two presented in December were Musical Instrument Building, grade two, and Origami (the art of paper folding) grades 4-6. Miss Dec recently completed painting a mural on the wall of the cafeteria in the Hooker School and plans to paint another along the hall leading to the Kindergarten.

Regarding the Title I program in competency skills, grades 4-6, Miss Yolanda Zuchowski, assistant teacher, appears to be successful. This has prompted us to request an amendment to the program to extend it downward to grades 2 and 3. Mrs. Jaqueline Daley is the assistant teacher in those grades.

As a result of considerable research and work during the summer, Miss Yolanda Zuchowski was instrumental in developing reading lists for each grade level, K-6. The lists were given to each parent, grades K-4, during our parent/teacher conferences in November. Lists for grades five and six have been received and will be distributed to parents early in January 1979.

Each grade level reading list overlaps with other grade levels. All books listed are available in the elementary libraries, other libraries in the area, or through the Bookmobile. A set of tips to parents and instructions for using the lists is being developed and will be distributed to parents in the near future.

An elementary homework policy (copies to be distributed to parents) is being developed by the staff of the elementary schools. When completed, it will include information, by grade level, as to the type of assignments that may be expected, how frequently they will occur, grading, as well as information to the parents relating to homework.

In conclusion, I wish to express my thanks as well as sincere appreciation to the Superintendent, the School Committee, the entire staff, and to the many others who have given of their time and efforts in contributing to the success of our programs.

Respectfully submitted,

CHARLES J. HANGS

Principal

REPORT OF THE PRINCIPAL OF HOPKINS ACADEMY

To: Dr. Armand A. Fusco, Superintendent of Schools, Hadley School Committee and the Citizens of Hadley:

I herewith submit my ninth annual Report as principal of Hopkins Academy. The enrollment figures as of October 1, 1978 were as follows:

Grade	Boys	Girls	Total
12	22	24	46
11	20	19	39
10	22	29	51
9	32	27	59
8	31	25	56
7	33	19	52
Totals	160	143	303

New England Association Evaluation

In March of 1978, Hopkins Academy was evaluated by the New England Association of Schools and Colleges. A team of professional educators visited our school for a three day period evaluating our programs, facilities, staff, and administration to determine if we were in fact meeting the needs of Hopkins students.

I am pleased to report that Hopkins Academy was granted continued membership and accreditation to 1983 by the Commission on Public Schools at its meeting on December 7, 1978. In addition, I feel that upon completion of a five year report due in 1983, we will be granted continued membership and accreditation through 1988.

The Commission on Public Schools was most impressed with the flexibility in scheduling to meet student needs, the low number of student drop-outs and the success of the school in securing federal funds for equipment and furniture. We are proud of our school and its many accomplishments of the 1970's. However, we realize the 1980's will bring new challenges and with these challenges, the need to constantly review and upgrade our programs and facilities.

Many people played key roles in the preparation of our evaluation. The staff worked many extra hours on reports and gathering data. The custodians maintained a clean building with repair work done when needed. The Cafeteria staff prepared fine meals and the secretaries handled the extra typing and clerical chores with efficiency and professionalism.

Our evaluation would not have been a success without the interest and support of our Superintendent of Schools, Dr. Armand A. Fusco, and the Hadley School Committee. Throughout the years, they have provided the framework for quality programs in your high school. We are grateful for their leadership and constant encouragement.

Stanley Uchneat

In 1978, Stanley Uchneat, a long time custodian at Hopkins Academy, retired. During these past nine years as principal, I was most fortunate to have a man of integrity, knowledge, dedication and interest as head custodian. I never had to be concerned about Stanley because, in addition to doing his job, he did many things which he was not required to do.

He could be found in the building evenings and on weekends checking boilers, setting clocks or doing some general cleaning he felt was necessary. He always was concerned about town property and school facilities and gave many extra hours of his time without compensation. He will always be remembered by administrators, staff and students as Mr. Hopkins Academy. This was his school and he cared for it for many years.

We wish Stanley many happy years of retirement and thank him for his years of service to the town and to Hopkins Academy.

Hopkins Academy Trustees

The Hopkins Academy Trustees continued their scholarship program by providing \$7,500 in scholarships to the class of 1978. In addition, they donated \$3,000 to continue our junior high basic skills program and provided over \$1,500 to allow four graduates of the class of 1978 and a staff member to attend a special conference in San Francisco. This support and interest is appreciated by all of us at Hopkins.

Special thanks must go to Mr. William E. Dwyer for the many hours of time he gives to Hopkins Academy without compensation.

The Future

The 1980's will have new challenges. However, our foundation for learning at Hopkins is solid. Therefore, we will be able to adjust to changing needs in the coming years and to continue to have quality programs.

In my annual report of 1974, I mentioned a number of ideas and thoughts about the future of public education and ways to improve it. These ideas are even more important today as public education needs changes in the tenure system, salary schedules, staffing patterns, teacher training and for realistic graduation requirements. Finally, we must always have the will and pride to attain our goals to assure a quality high school.

In Appreciation

I would like to thank all school personnel for the assistance given me this past year. Also, the many town department are to be commended for their support when needed.

Respectfully submitted,

JOHN J. PIPCZYNSKI

Principal

REPORT OF THE SCHOOL LUNCH PROGRAM

To the Superintendent, School Committee and the Citizens of Hadley.

The following is a financial report of the school lunch program.

January 1, 1978 Opening Cash Balance	\$ 3,756.21
Receipts from Sales	34,605.38
Government Received	21,351.36
	<hr/>
Total	\$ 59,712.95
Payments	
Food	31,099.23
Labor	17,544.05
Other	4,910.47
	<hr/>
Total	\$ 53,553.75
Balance January 1, 1979	\$ 6,159.20

Respectfully submitted,

ANN SOLDEGA, Manager

REPORT OF PLUMBING AND GAS INSPECTOR

To the Honorable Board of Selectmen and Citizens:

I hereby submit my annual report for 1978.

During the past year ninety-four (94) Plumbing Permits were issued and at least two inspections were made for each permit issued to the following:

New Homes	34
Remodelings	3
Businesses	57

Fees totaling \$1,303.00 were received by the Treasurer for 94 Plumbing Permits, amounting to the sum of \$1,213.00 and 13 Gas Permits, amounting to the sum of \$90.00.

Respectfully submitted,

PETER P. SALVATORE

Plumbing and Gas Inspector

REPORT OF THE FIRE DEPARTMENT

To the Honorable Board of Selectmen:

I hereby submit my Annual Report for the Year 1978:

The Hadley Fire Department answered a total of 122 in town alarms and two (2) out of town Mutual Aid calls. The following is a list of alarms answered in 1978.

Structural	6	Mutual Aid	2
Chimney	5	Brush	37
Furnace	2	Bomb Threat	7
Tractor	1	Dump	2
Vehicle	18	Electrical	7
Washdown	8	False Alarm	12
Vehicle Rescue	1	Miscellaneous	8
Rubbish	6	Boat Rescue	2

With the rapid growth of commercial and residential construction, the demand for Fire Department services during the day time hours has increased tremendously. With most members working out of town, day time protection becomes very low. Anyone wishing to add their services to the town during these hours would be greatly appreciated.

During the course of this year we did a major pump overhaul on the 1967 Thibault which is used in the North end of Town. At present all equipment is in excellent operating condition. By spring of this year we will have our brush truck in full operation. This winter it was painted at the Smith Vocational School.

At the present time we have six (6) pieces of equipment with only two (2) stalls at each end of town. For our immediate needs we will have to use space in the old town barn until new quarters are obtained.

The department is still looking for a site to construct a new Public Safety Complex in the future. Anyone having property that might fill these needs are asked to contact the Board of Selectmen.

In closing, I wish to express my appreciation to the men who responded to fire calls during the year of 1978.

Respectfully submitted,

BERNARD J. MARTULA

Fire Chief

PAUL J. MOKRZECKI
Town Collector

REPORT OF THE CIVIL DEFENSE DIRECTOR

I hereby submit my report for Civil Defense for the year 1978.

Floods were of primary concern during the spring of 1978, due to the accumulation of snow from the winter storms and the blizzard of 78.

This storm was listed with one of the top ten disasters in 1978. The dike has been rip-rapped and we felt confident that everything was going to be OK. However, after the high water receded in the Spring, we discovered that the dike had been badly damaged and was again in need of repair.

Flood preparedness conferences were attended for the purpose of gathering and obtaining information regarding the possibility and potentials of a flood. Questionnaires were distributed to flood plain residents to fill out but very few were returned completed.

A seminar on tornadoes and hurricanes, which are always a threat to this area in the fall of the year, was held at Westover Field Air Force Base. This was also attended by this department.

A 3/4 Ton Weapons Carrier for conversion to a forestry truck was obtained from the Naval Air Station in Lakehurst, N. J. in conjunction with the equipment loan program. This acquisition was made at no cost to the Town of Hadley. The value of this equipment is \$3,993.00. A portable pump was purchased on a 50-50 basis with the fire department to equip this forestry truck.

The annual program papers have been filed in order to qualify for equipment such as this. At present a request has been filed for additional equipment which can be used by the Highway Department, but as of this date, none has been available.

At the request of M.C.D.A. the siren at the communications center is tested each Saturday morning at 12 noon.

Respectfully submitted,

SERGIO R. ORSINI
Civil Defense Director

REPORT OF THE ZONING BOARD OF APPEALS

To the Honorable Board of Selectmen:

The Zoning Board of Appeals hereby submits its annual report for the year ending December 31, 1978.

The Board received 20 petitions for Variances and 9 petitions for Special Permits. Of the requests for Variances, 10 were granted, 4 were denied and 6 were withdrawn. Of the requests for Special Permits, 8 were approved and 1 was denied. The Board also received and approved 3 requests for trailer permits.

Three challenges to decisions are still in the judicial system, one for the year 1975 and two for the year 1976.

As in the past years, the Board has again been rendered full co-operation and assistance by several units of the Town government.

The public is reminded that all hearings of this Board are open to the public and that their attendance is welcomed.

Respectfully submitted,

STANLEY M. BEMBEN
NORMAN P. STEINBERGER
RICHARD J. FYDENKEVEZ

REPORT OF THE SEWER COMMISSIONERS

To the Citizens of the Town of Hadley:

In the past year the wastewater system has been expanded to include the River Drive, North Hadley and Stockbridge Road sections of the town. Installation of the pipelines has been completed but delays in deliveries of components of the pumping stations have prevented the additions from being put into service.

Normal increase in flows due to growth within the existing tributary area of the system and more strict control of effluent standards have required the services of a full time treatment plant operator. The treatment plant was designed as an automatic station and during the initial period of operation at partial flow capacity produced a satisfactory effluent. However, as the flows approach the design capacity, the plant requires careful monitoring of operations to produce the required effluent quality. The Board has engaged the services of a Class IV Wastewater Treatment Operator, Mr. Brian Trudeau, in the position of Superintendent of the Sewer Department with responsibility for operation of the treatment plant and all system facilities under the direction of the Board of Commissioners.

The cost of maintenance and operation of the wastewater disposal system has escalated due to growth of the system, increased age and the costs of electricity, chemicals and replacement materials and equipment. The Department has succeeded in operating within the income derived from entrance and user fees and will not need to raise funds by taxation.

Modifications will be required to enable the treatment plant to comply with present day effluent standards as the flows approach the 300,000 gallon per day design capacity. The Board has had an engineering study of these modifications and is submitting an article for consideration by the 1979 Town Meeting to bring the plant in compliance with existing regulations.

The Board wishes to express its appreciation to all the town officials and residents for their co-operation and assistance in the past year.

Respectfully submitted,

MARTIN C. GOWDEY, Chairman
RAYMOND D. SHIPMAN
MICHAEL MARTULA
Board of Sewer Commissioners

REPORT OF THE ELECTRICAL INSPECTOR

To the Honorable Board of Selectmen:

I hereby submit my annual report as Electrical Inspector for the year 1978. I have issued permits and made inspections on the following installations:

Homes	50
Stores, Shops, Restaurants	60
Services	12
Temporary Services	5
Oil Burners	6
Swimming Pool	1
Water Heater	1
Additional or Misc. Wiring	14

Application forms for electrical installation permits are available at my home at 7 West Street.

Respectfully submitted,

JOSEPH T. WESTORT
Electrical Inspector

REPORT OF THE BOARD OF REGISTRARS

To the Residents of the Town of Hadley:

The board of registrars completed one of the busiest years on record. Many special town meetings as well as fall elections added to the usual duties of the board, registering new voters.

The number of new voter registrations for 1978 was 256 persons, of which 123 were male and 133 were female.

As of the last official count of registered voters conducted in October of 1978 the town of Hadley listed 2635 voters which we understand from other towns in the area is a considerable number given the size of our community.

The board of registrars looks forward to an active year helping all interested persons to exercise their option to vote in town affairs and regional and national elections.

Respectfully submitted,

EILEEN R. SIMONSON, Chairman
STANLEY LESKO
CAROLYN WASKIEWICZ

REPORT OF THE BUILDING INSPECTOR

To the Honorable Board of Selectmen:

Permits were issued for 43 dwellings in 1978 compared to 25 in 1977.

43 Dwellings	\$1,386,500.00
5 Additions	7,500.00
17 Alterations	49,379.64
